### HI9810302 HALO2 pH Meter for Soil

Measures the pH of soil and soil slurries in agricultural, hydroponics, and greenhouse growing applications.

[See page 2.19](#)

### HI9810432 HALO2 pH Meter for Cosmetic Creams

Measures the pH in samples such as cosmetic creams that would be a challenge for standard design pH electrodes.

[See page 2.20](#)

### HI9810372 HALO2 pH Meter for Skin & Scalp

Measures the pH of the skin and scalp.

[See page 2.21](#)

### HI9810442 HALO2 pH Meter for Leather & Paper

Measures the pH on flat surfaces such as leather and paper, or small volume samples, with the specially designed flat sensing tip.

[See page 2.22](#)

Foodcare

### HI9810312 HALO2 pH Meter for Beer

Measures the pH of mash, cooled wort, and beer samples during the beer making process.

[See page 2.23](#)

Foodcare

### HI9810332 HALO2 pH Meter for Wine

Measures the pH at each step of the winemaking process: from pre-fermentation and fermentation to post-fermentation and bottling.
